

IMSE Days 2.0 Agenda Preview

5-6 June, 2019 | Oulu, Finland

DAY 1 DESIGN TOOLS & TECHNIQUES

VIRTUAL PROTOTYPING

MANUFACTURABILITY

- IMSE projects by customers & partners
- Live demos: IMSE design & simulations using the latest IMSE CAD solutions
- Optimizing manufacturing processes for IMSE: printing, SMT, thermoforming and injection molding

DAY 2 MATERIALS & COMPONENTS

RELIABILITY & TESTING

GAME-CHANGING INNOVATIONS

- IMSE projects by customers & partners
- IMSE design verification and validation
- Production testing and quality assurance
- Standardization for IMSE validation
- Experience Innovation – new technology launch by TactoTek

Presenters Include:

faurecia

Altium

OPTOFIDELITY

DASSAULT
SYSTEMES

TACTOTEK

LEADING IN FILM-DECORATION
